

The Positivity Project Planners

The Positivity Project Planners come in three editions: Elementary, Middle, and High School. Each is specifically designed to help students build character and relationships — while keeping them organized and on-track academically. All planners come with a customized cover with your school's name on it.

Elementary School Edition

Weekly planning pages designed specifically for the elementary student experience with daily cues to help students better track their day.

[View Additional Details >>](#)

Middle School Edition

Weekly planning pages designed specifically for the middle school student experience with daily cues to teach students to better track what is going in each class as well as after school.

[View Additional Details >>](#)

High School Edition

Weekly planning pages designed specifically for the high school student experience including cues they need to manage their academic life and prioritize everything – from schoolwork, to extracurriculars, to character building.
